Pam Johnson, Administrative Assistant

Hours of operation: 7:00 a.m. – 3:30 p.m. Monday through Thursday
7:00 a.m. – 11:00 a.m. Friday

Street Department Information:

The Public Works Department is responsible for the maintenance and upgrade of the city infrastructure. Any issues with road drainage, street improvements, traffic signs or right-of-ways should be addressed to this department. Problems with county through roads, which includes Park Road, Pleasant Grove Road, 4th Street and 5th Avenue, should be reported to Jefferson County Roads and Transportation Department at (205) 849-2320.

To avoid drainage problems along city streets, do not place yard debris in the street, in gutters or drainage ditches or around any drain outlets or storm water collection boxes. Yard debris generated by the homeowner should be bagged for removal by Waste Management. Professional lawn services and commercial tree cutters are responsible for removal of all limbs, logs, clippings, etc generated as part of the job or contract.

Our Public Works employees install the Christmas street light ornaments annually and assist with the Pleasant Grove Christmas Parade as a service to our citizens. They are responsible for cleanup of the park and cut the grass in the park and along all the city right-of-ways.

Recycling Information:

A recycle bin is available at City Hall for paper, plastic and aluminum products. No recycling is available for oil, paint cans or tires.

Storm Shelter:

The city storm shelter located at 464 7th Avenue is available to all residents and will be open during periods of inclement and threatening weather.
